

**ENABLENCE RECEIVES *INTERNET TELEPHONY*<sup>®</sup> MAGAZINE'S 13th ANNUAL PRODUCT OF THE YEAR AWARD**

*BroadAccess Multi-Service Access Platform Recognized for Outstanding Innovation in Cost-Effective Transformation to Next-Generation Communications*

**TORONTO, ONTARIO—Feb. 07, 2011** — [Enablence](#) Technologies Inc. ("Enablence" or the "Company") ([TSX VENTURE:ENA](#)), a global innovator in fiber-to-the-home ([FTTH](#)) multi-service access platforms for [triple-play](#) residential and business services and optical [components](#) and subsystems for access, metro and long-haul markets, announced today that TMC, a global, integrated media company, has named its [BroadAccess](#) Multi-Service Access Platform (MSAP) as a recipient of the 2010 *INTERNET TELEPHONY* Product of the Year Award.

"I am pleased to announce Enablence as a Product of the Year Award winner. The editors of *INTERNET TELEPHONY* have verified that the BroadAccess platform displays quality and innovation, and provides a solution to real needs in the marketplace," stated [Rich Tehrani](#), CEO, TMC. "I would like to congratulate Enablence for its commitment to advancing IP communication technologies."

"Enablence understands that a complete, fiber access network transformation is the end-goal for today's service providers; however, the cost and time involved can take many years to complete. Service providers around the world rely on BroadAccess MSAP to deliver carrier-grade services over the infrastructure that is in place today, while continuing their next-generation fiber migration," said Tim Thorsteinson, Chief Executive Officer of Enablence.

2010 Product of the Year winners are published in the February 2011 issue of *INTERNET TELEPHONY* magazine, ([www.itmag.com](#)). *INTERNET TELEPHONY* has been the authority in IP communication since 1998<sup>™</sup>.

### **About BroadAccess MSAP**

Enablence's BroadAccess MSAP offers service providers the most cost-effective copper solution available. Providers can offer new services on their existing copper plant with minimum investment, allowing a continued financial focus on the transformation to fiber. BroadAccess is a proven platform with over three million lines deployed worldwide, delivering highly reliable, bandwidth intensive services, enabling a competitive advantage. The BroadAccess advanced copper architecture provides an ideal solution for network transformation to high speed broadband and from TDM to VoIP. In addition, TMC runs multiple industry events: *4GWE; Smart Grid Summit; M2M Evolution; Cloud Communications Summit; Social CRM Expo; SIP Tutorial; VIPeering; Business Video Expo; CVx; Digium|Asterisk World; StartupCamp; MSPAlliance MSPWorld and more!* Visit [TMC Events](#) for a complete listing and further information. For more information about TMC, visit [www.tmcnet.com](http://www.tmcnet.com).

### **About Enablence Technologies Inc.**

Enablence Technologies Inc. ("the Company" or "Enablence") is a publicly traded company that designs, manufactures and sells fiber-to-the-home (FTTH) equipment and multi-service access platforms for triple-play residential and business services and optical components and subsystems for access, metro and long-haul markets to a global customer base. Enablence delivers a key portion of the infrastructure for next-generation telecommunication systems. The

Company's product lines address all three segments of optical networks: Access, connecting homes and businesses to the network; Metro, communication rings within large cities; and Long-haul, linking cities and continents. The Company's Access solutions enable voice, data, video, and Internet communications across both copper and fiber-based network infrastructures. For more information, visit [www.enablence.com](http://www.enablence.com) or follow Enablence on Twitter at <http://www.Twitter.com/Enablence>.
