About Enablence Technologies Inc.

Enablence Technologies Inc. is a publicly traded company that designs, manufactures and sells optical components and subsystems for access, metro and long-haul markets to a global customer base and fiber-to-the-home (FTTH) equipment and multi-service access platforms for triple-play residential and business services. Enablence delivers a key portion of the infrastructure for next-generation telecommunication systems. The Company’s product lines address all three segments of optical networks: Access, connecting homes and businesses to the network; Metro, communication rings within large cities; and Long-haul, linking cities and continents. The Company’s Access solutions enable voice, data, video, and Internet communications across both copper and fiber-based network infrastructures.
