

## **Enablence Announces Closing of First Tranche of Financing**

**Ottawa, Canada – June 26, 2015** - Enablence Technologies Inc. (“Enablence” or the “Company”) (TSXV: ENA), a leading supplier of optical components and subsystems for access, metro and long-haul markets, today announced the closing of the initial part of the first tranche of the non-brokered private placement (the “Financing”) in the amount of \$350,000, at a price of \$0.05 per unit (“Unit”). Each Unit will be comprised of one common share and one half of one common share purchase warrant (“Warrants”). Each Warrant is exercisable for a period of 18 months at an exercise price of \$0.06 per Warrant. As a result, 7,000,000 shares and 3,500,000 Warrants were issued. The shares and Warrants are subject to a four month hold period expiring on October 27, 2015.

The proceeds from the Financing are to be used by the Company for general working capital purposes.

### **About Enablence Technologies Inc.**

Enablence is a publicly traded company that designs, manufactures and sells optical components and subsystems to a global customer base. It utilizes its patented technologies, including planar lightwave circuit (“PLC”) intellectual property, in the production of an array of photonic components and broadband subsystems that deliver a key portion of the infrastructure for current and next-generation telecommunication systems. The Company’s product lines address all three segments of optical networks: access - connecting homes and businesses to the network; metro - communication rings within large cities; and long-haul - linking cities and continents.
